

# DR. PRICE'S

## Cream Baking Powder

Has a dietetic value greatly beyond the conception of any one who has not used it. It will make your food of a delicious taste, a moist and keeping quality and a digestibility not to be obtained from any other baking powder or leavening agent.

But more important than all else, Dr. Price's Baking Powder carries only healthful qualities to the food.

As every housekeeper can understand, burnt alum and sulphuric acid—the ingredients of all alum and aluminophosphate powders—must carry to the food acids injurious to health.

Avoid the alum powders—study the label

Topeka Joint Situation Viewed by St. Louis Paper.

The St. Louis Post Dispatch has a long article illustrated by a six column series of cartoons on what it calls the revolt of the Topeka hotel men against the joints which have been installing lunch counter adjuncts to their drinking resorts.

The Post Dispatch says: These are happy days for the joints in this prohibition state, when prohibition

places are lavishly supplied with inviting rest places. The walls are hung with pictures and an air of security seems to prevail in all these places. Many of the joints have added cooking accommodations and will serve lunches at all hours of the day or night to their patrons who flock to them because they can get beer or whisky with their meals and it is this feature which is raising a storm of protest from the proprietors of legitimate hotels, restaurants and cafes.

These places are not confined to lower Kansas avenue, where they are numerous, but they have invaded the up-down district of the city and upstairs rooms on Kansas avenue between Sixth and Tenth avenues are in

does not always prohibit.

The activity of these considerable conservators of the liquor traffic is especially noticeable in Topeka—yes, in the very shadow of the capitol where sits the governor who has been working overtime to keep the "old" oil. The record-breaking Kansas harvest is regarded by the joints as foreshadowing a record-breaking demand for whisky and beer. So, they are getting ready to take care of the business in style.

Oak and cherry bars are succeeding the plain wooden affairs which have served through the summer months when beer was the chief liquor dispensed.

Back of these bars handsome mirrors have been hung above equally pretentious sideboards and rows of cut-glass goblets and glasses neatly arranged glisten on snow-white linen, taking the places of the earthen stews in which beer has been served during the summer.

Brass rails have been placed in front of these imported bars and upon them the patrons may rest while they listen to the risqué stories of their companions of the beer joints, which are styled clubs, are supplied with card tables while the latest things in draperies and carpets add to the seductiveness of the resorts.

Upholstered furniture of the better grade takes the place of the usual row of dilapidated chairs and some of the

great demand and command almost any rent that the landlords demand.

### FEVER AND AFFIDAVITS.

Mrs. Quackenbush Obtained Both on a Southern Trip.

New York, Oct. 18.—The case of S. S. Swartz, who was arrested on July 27 charged with peonage, will be brought before the federal grand jury here today when a resident United States District Attorney Clarence Houghton will produce his witnesses, the chief among them being Mrs. Mary Grace Quackenbush, an attorney, who filed a complaint that caused the arrest of Swartz.

Swartz ran an employment agency and was charged with enticing thousands of young men to go south under false pretenses to turpentine camps in the swamps of Florida, lumber mills, copper, coal and phosphate mines. To their homes in the north, full of fever and broken in health. When Swartz was held in \$3,000 bail on July 27, Mrs. Quackenbush decided to go south and investigate matters personally. In a seven weeks' trip she visited the camps mentioned in the evidence against Swartz, saw the peonage system in operation, and returned suffering with fever but with forty-six affidavits.

### UNCLE SAM IS SUPPLIED.

Will Not Need Any More Immigration Inspectors for Some Time.

San Francisco, Oct. 18.—The federal authorities, now investigating the concern called the Interstate school, incorporated, which is inducing young men to part with considerable money in the hope of securing appointments as immigration inspectors in the service of the United States government. When informed of the claims made by the institution, C. L. Snyder, the secretary of the civil service commission, declared that no examinations for the office of immigration inspector have been announced by the commission, and as there are now 1,373 eligibles on the list ready to be certified for appointment should any vacancies occur, it is not likely that any examinations will be held for some time to come. At present there is not a single vacancy in the immigration service for the position of inspector.

Mrs. Don Mulvane will entertain her whist club next Monday at the home of her mother, Mrs. J. G. Fishman.

Mr. and Mrs. Theodore Barton Marsh, of Anthony, have issued wedding cards announcing the marriage of their daughter, Grace Muriel, and Mr. Sumner Reams Bird, Wednesday, October 10, Bide-a-Wee cottage, Green Mountain Falls, Col. Miss Grace Marsh was formerly a student in the college of the Sisters of Bethany and has a number of acquaintances in Topeka to whom the announcement of her marriage will be of interest.

It is said that the real reason for the quarrel between two prominent business men whose differences were pretty generally aired some time since was that one of them had shown too much interest in the other man's wife.

Arrangements have been completed with the rink management for a subscription skating party to be given by the members of the Helianthus club and their friends Friday evening, October 23.

It is said that a formerly of Topeka, now of Kansas City man is desperately in love with a very beautiful Leavenworth girl and that their engagement will be announced soon. But it is only a little while ago that they were saying he was in love with a very beautiful Topeka girl.

Mrs. Dick Alden entertained two tables at bridge yesterday for Mrs. B. M. Mead of Peoria, Ill.

The Fillmore Street Whist club met this afternoon with Mrs. George Clark.

A Topeka man in West Point says his photograph of a Topeka belle is making all the men of his class who have seen it dream dreams. And if the sight of her photograph has that effect what would happen if they saw the girl herself? For she is certainly the prize peach of the local orchard.

Mrs. J. C. Mohr entertained two tables at whist today for Mrs. B. M. Mead of Peoria, Illinois.

Miss Marion Riddle, who will leave for Chicago to spend the winter, entertained a small company informally last night.

The Art club will meet next Monday with Mrs. Norman Wear.

The Good Government club will meet Saturday afternoon with Mrs. E. B. Reidschuh.

The Vespuccian club is meeting this afternoon with Mrs. C. E. Bennett, 324 Monroe street.

Guess this is "going some" for Leavenworth. The Post says: The comparative degree is common in this day and generation that it has grown to mean little to one who hears or reads it. But only its full meaning can help to describe a troupe of men who are rapidly reaching completion in Leavenworth. The linens and lingerie are said to be of the finest weave and come directly from the best known manufacturers in the old country. Thirty-five new gowns, Rumor whispers, have been completed. These come from the best known tailors and makers of New York, and are of the latest fashion, direct from Liberty's, several gowns made by Paquin. Other French and London establishments have furnished wraps, reception dresses and house gowns. The few fortunate ones who have actually seen the trade marks of these establishments, seen in inconspicuous places in the linens of these beautiful costumes, are the wonder and envy of all their friends. Former Leavenworth brides have been the owners of many beautiful trousseaus, but from the few who have seen them, occasionally but from the few who have seen them.

Miss Clemma Ballard will entertain the following girls at dinner tonight for her visitor, Miss Ethel Mitchell, of Minneapolis, Minnesota. Miss Theo Bodwell, Miss Rose Zimmerman, Miss Hattie Bell, Miss Katharine Bodwell, Miss Nellie Scott, Miss Mary Aten and Miss Ruth Burdick.

FATHER OF CURFEW IS BACK.

Will Try to Revive Interest in the Law at Topeka.

Col. Alexander Hogeland, curfew reformer, who for 20 years past has made an annual visit to Topeka, is again in the city inquiring as to the enforcement of the curfew law.

Mr. Hogeland will remain in the city for a week or ten days, speaking before the city council, in several of the churches and public schools. Tomorrow he addresses the students of the high school at their opening exercises at 10 o'clock.

It is the opinion of Col. Hogeland that it is a mistake not to enforce the curfew law when it is successfully enforced in over 1,000 principal cities of the country and that it is a mistake to command it. He is a prominent educational, educational and after rigid enforcement becomes universally popular. Cities where it has been enforced have no truancy in their public schools. Officers of the law admit that it decreases the hoodlum element 50 per cent.

"Topeka is a prominent educational center and for no other reason it should be enforced to protect the children of the city for the purpose of securing an education for their children."

Monday evening Mr. Hogeland will call on a number of the city board of education and will be held at the M. C. A. Mr. Jesse Shaw and Mr. J. B. Larimer are on the local board and it will be this organization which will carry on the work of having the law enforced in Topeka.

In addition to his efforts in having the curfew law enforced, Col. Hogeland will have a blue ribbon day for new boys. The 50 or 75 new boys in the city will be provided with badges and march in a body to the state house where Governor Hoch will address them. Within the last month this friend of the new boys have taken hands of the little fellows before Governor Cox of Kentucky and Governor Hanly of Indiana.

### SANTA FE NOTES.

Items Chiefly Personal Concerning Railroad Men.

Ralph Cuttall has accepted a position as night ticket agent with the Santa Fe at Emporia. He will commence tomorrow night.

On account of the wreck near Pueblo last night train No. 10 was five hours late this morning. The train was a stub section from La Junta. It was delayed in Topeka nearly an hour owing to repairs which were made in the axle lighting apparatus of one of the cars.

The double track on the cutoff between Emporia and Holliday will be ready for use by next week.

The new time card on the Santa Fe will go into effect November 4th. The only changes which affect Topeka will be train No. 8, 10 and 11, as has already been announced.

J. H. Butcher, roadmaster of the Santa Fe at Cherryvale, sustained a broken leg a few days ago. He was inspecting track on his division when the motor car he was riding jumped the track.

A. C. Burrows of the Nickel Plate road was a Topeka visitor yesterday.

Alvin Voight of the electrical department was in Newton yesterday on business.

Mr. W. F. Buck, superintendent of motive power of the Santa Fe, has been at Cherryvale where it is rumored that the Santa Fe will build a new round house.

Joe Walton, who was formerly a fireman from this place on the Santa Fe, was at his home in Newton, where he is laid up with an attack of typhoid fever. Since leaving the Santa Fe he has been with the Rock Island and with the M. & K. T. at Muskogee.

Ralph Cuttall is visiting in Kansas City for a few days.

Russell No. 11 and 62 between Topeka and Argentine are advertised for a freight business trip.

Engine No. 1129, which was recently turned out of the Topeka shops, has been sent to Argentine where it will be used in freight service on the cutoff.

Conductor Tom Leonard of Arkansas City has been transferred to Newton where he will be assigned to service on the main line east.

The contractors have finished the excavations for the new round house which is being built at Newton.

Francis R. Frost, electrical engineer for the Santa Fe, is in Chicago on a short business trip.

Train No. 3 was three-quarters of an hour late this morning.

General Superintendent F. C. Fox of Topeka and Division Superintendent H. A. Tice of the Oklahoma division are traveling over the line of the Oklahoma division on a tour of inspection.

Train No. 2 was about two hours late today. There seems to be an extraordinary amount of traffic on the through eastbound trains which account for the lateness of this train.

"Dad" Owens, who is night clerk at Gill's restaurant across from the Fe depot, has returned from a short hunting trip to Osawkee. He reports rabbits and squirrels very plentiful, but was very fortunate in securing the bigger game which he went after.

"Scratchy" Hunter is taking the place of Dan Frey in the baggage room while the latter is visiting his son in Council Grove.

Dr. Comer, who is attending the Baptist conference in Topeka, addressed a large number of men at the noon meeting in the coach shops this noon.

Glen Taylor has gone to Dodge City with a gang of men where he will superintend the erection of a new steel water tank which will be built at that place.

Conductor Clinton Coddington is laying off on account of sickness.

Fireman McNell has returned to work in the pool after being temporarily assigned to runs Nos. 105 and 106 for a few days.

Fireman John Eyer has been off on the Martine runs for several days.

Engineer Dan Finn is laying off on runs Nos. 113 and 114 and Engineer E. L. Ludwig of Argentine is taking the runs in his place.

Arthur Nelson of the roundhouse who has been visiting in Nebraska for several weeks has returned to Topeka.

Fireman McMurris has returned to his runs on the plug, Harry Ogden who was running in his place has been relieved.

Fireman A. Dozier has been temporarily assigned to a switch engine in the yards. Fireman Summer is running on the Kansas City plug in his place.

Fireman Fouch has been assigned to runs Nos. 105 and 106 with Engineer Thomas Holway, Topeka, and R. Joseph, and Fireman Hertzmark has been temporarily assigned to his former runs on the 113 and 114.

### POLICE COURT NOTES.

Gus Pleason, who was arrested for being drunk in a public place, insisted that he was not guilty in police court yesterday afternoon. He admitted that he had had two drinks but "could walk all right." The two officers who arrested him testified that in their opinion he was drunk as he was unable to walk without assistance when found by them yesterday. The judge agreed with them and under such circumstances a man is drunk. The fine was five dollars.

The case of W. H. Umpleby, the man who handled Mrs. Bates so roughly Tuesday evening, came up for trial yesterday afternoon. In the morning Umpleby had pleaded not guilty, but meditation during the day had evidently weakened his nerve. In the afternoon he said he "guessed he might as well plead guilty," adding that "it is the first time for eighteen months that I have had a drop." The judge fined him five dollars and three months in some good advice about future pow-wows.

Carry Harris Alexander Savage, colored, is pining in jail for swearing. The lady used the strong language on Kansas avenue some time ago. She was arrested and brought to court.

trial, the judge fined her five dollars.

Some lawyers told her to plead not guilty, although there were several witnesses who heard the swearing. Acting on the advice of the lawyer she appealed the case to the district court and now has twenty dollars piled up against her to serve out in jail.

The police say that there is a class of these bazaar-like lawyers who hope around the city court to try to persuade the poor criminals who are fined small fines to appeal their cases. The result is that the criminal is generally forced to pay the lawyer about five dollars for the costs of the trial. These men have become such a nuisance that the officers have refused to allow them to speak with any of the prisoners unless they have a permit.

Mary Marshall, an old time offender, who has twice been a tenant at the penitentiary, has one more day to go before she is up for trial at the city court for disorderly conduct. She asked to have her case set for this afternoon, informing the court that she had been in the penitentiary for a long time.
